

FCBS Group Two's Proposal: Good Friday (TGIF) – Cell Harvest Event

“Winners, Ultimately”

Executive Summary

This proposal comprises of a comprehensive manual for a cell leader and his/her open cell to conduct a Good Friday outreach event. The aim is to communicate the gospel in a comfortable and non-threatening setting, in order to evoke a personal response from the pre-believing guests for salvation to be “Winners, Ultimately”.

The central concept we hope to bring across through this proposal and this event is **we are all *Winners, Ultimately* because of what Jesus has done, is doing, and can do in our lives**. In order for every member of the FCBC family and their pre-believing friends and loved ones to experience this reality, the segments of the event are specially designed to fulfil this aim. The details of the programme can be easily accessed in the manual, and are made simple and straightforward for the open cell to apply and execute.

The primary resources required for this event are ‘The Deal’ DVD (Suzann Sing’s testimony) and the personal testimonies to be shared by the cell members. Cell members will be empowered to give an invitation for salvation in small groups, after sharing their personal testimonies. Regardless of the guests’ decision, we hope to pray a blessing for every one of them and to invite them for the Easter Sunday Service.

Through this event, we pray that every member of the FCBC family can exercise their faith, and embrace their identity, in our LORD Jesus Christ – that they are called to be soul-winners. We also pray that each open cell will receive a mighty harvest of “ultimate winners” and experience cell multiplication.
