**Prayer Point Anchors**, please note the following for the ZeoGen TGIF parties run in your prayer points:

- Synchronized day and timing.

The prayer point TGIF parties will run at a synchronized timing, 6<sup>th</sup> April, Fri, 11am-1.30pm, in order to de-conflict with your cell TGIF parties.

- Claims for TGIF parties.

Please compile receipts (paste all the receipts neatly on an A4 Paper and pass to Cheryl (West)/Lance (Central)/ Meiyunn (East). Claims are at **\$5/per person** at the party (includes prayer point members), for food and logistics. (For e.g. 20 at party, Subsidy- 20 (\$5)= \$\$100). In the case that you spent more than the subsidy, you are encouraged to bless your friends and chip in as a prayer point. Submit receipts latest by **15<sup>th</sup> April**.

Have Fun!

	<p><i>Transition to video</i></p> <ul style="list-style-type: none"> <li>• We attempted to solve a mystery case of a victim's death earlier on. At this point, we would like to watch a video of another very significant death that took place 2000 years ago. Someone by the name of Jesus died. This video will show us the events that happened leading up to His death. As we watch it, another mystery that you might want to ponder about is "Who caused His death" So, let's watch the short video.</li> </ul>	
15 min	<p><i>Play Video</i></p>	<ul style="list-style-type: none"> <li>• DVD player/computer</li> <li>• Video</li> </ul>
20 min	<p><i>Transition to testimony</i></p> <ul style="list-style-type: none"> <li>• You know, from the first look of it, it might seem like the Roman soldiers who crucified Him were the murderers or maybe His murderers were the Pharisees who schemed for His death, as they were envious of Him.</li> <li>• However, the truth is, you and I are the real cause of the death Jesus. Yes..We are the reason why He has to die.</li> <li>• Well, like me, you may be shocked to know this and you may wonder why. You need to understand that Jesus isn't just any teacher or kind person who lived 2000 years ago. Jesus is the Son of God. And if He had wanted to escape from the death, He could have easily commanded the angels to rescue Him and even take vengeance on those who hurt Him. Yet He didn't and the reason is because He made the choice to die on the cross for us. He had to die for our sins in order for us to live. So what held Him on the cross was His love for us.</li> <li>• But the bigger mystery in that death was not how He died, but that He rose again on the third day of His death.</li> <li>• You know God loves each and every one so much that He sent Jesus to die on the cross for our sins. This is why we celebrate Good Friday. Because of His work on the cross for us 2000 years back, we can live and we can walk in freedom.</li> </ul>	

	<ul style="list-style-type: none"> <li>We will now hear how the work of Jesus on the cross has impacted and transformed the lives of some of our friends among us.</li> </ul> <p><i>Sharing of testimony</i></p>	
<b>5 min</b>	<p><i>Altar call</i></p> <ul style="list-style-type: none"> <li>Isn't that amazing? God can do so much in a person's life. You know, some of you may wonder if God can do the same for you. I am standing here today to tell you that yes, God can indeed bring changes to your life too. Some of you may be struggling with your studies, or you may be struggling with family problems. Your parents seem to not care about you; nothing good seems to come out from their mouths. It seems that all they know is to nag at you. You feel like no one cares for you, and you wished someone cared more. I am telling you that God cares for you. God cares about every single detail in your life. God loves you. He loves you even before you know Him. In John 3:16, it is said that for God so loved the world that He sent His only begotten Son, that whosoever believes in Him shall not perish but lead an eternal life. Or maybe some of you feel that your life is so sinful, you do many bad things, and you wonder if anyone will accept you if they found out the real you. You try so hard each time to not do something, but somehow, you cannot control and keep doing the same bad things. Remember we said earlier on that the mystery in Jesus' death was how He really rose again? Today, I want you to know that when Jesus rose from His death, He has overcome every sin in your life. You do not have to live under sin anymore! Today, we want to do something simple. We want to offer you a chance to invite Jesus into your life. In a moment I am going to lead you in a word of prayer. I want everyone to close your eyes and bow your heads now. The invitation is simple. If you want to receive Jesus into your life, follow this prayer after me, line by line and Christians, please follow after me.</li> </ul> <p>Dear Lord Jesus, thank you for your love. Thank you for dying for my sin. Lord, I am sorry that I have sinned against you. I am sorry that I have lived my life without you. Please forgive me. As of this day, I put my faith in Jesus Christ. I believe that He rose again from the dead for my sin. Dear Jesus, come into my life and forgive my sins/ give me eternal life. Thank you for the forgiveness of sin. Thank you for making me a child of God. Help me to live for you for the rest of my life. Amen.</p>	<ul style="list-style-type: none"> <li>Play some music/guitar in the background softly</li> </ul>
<b>30min</b>	<ul style="list-style-type: none"> <li>Break into small groups, 3-5 per group (same group as games group) and share John 3:16</li> <li>Get them to fill response card</li> <li>Invite them to Easter service</li> <li>Eat together!</li> </ul>	<ul style="list-style-type: none"> <li>FCBC John3:16/ Response Card</li> </ul>

### ITEM 3 (MURDER MYSTERY)

#### GAME INSTRUCTIONS

- Split the people present into groups of 3-5.

Note: The group should be a mix of FCBC members and visitors. It is important to group the people who are comfortable with each other together. The FCBC members are to be taking care of the visitors in the same group as them. This is important in ensuring effective follow up and consolidation.

- Prior to the start of party, determine the crime. Decide (i) who the murderer was, (ii) what weapon was used to kill and (iii) where the murder took place. Put it into case file (an envelope).

The objective is to find out who the murderer was, what weapon was used to kill and where the murder took place by completing the tasks given at three stations.

- The suggested suspects are:

Tom, Dick, Harry.

The weapons are: Banana peel, pineapple, plastic bag

The locations are: toilet, USS, casino

- There will be a total of 3 stations in *Murder Mystery*. At each station, each group is to attempt to finish task given.

- If they are able to complete the challenge, the station master will tell them to correct clue to either (i) the weapon used to kill (station 1), (ii) who the murderer was (station 2), (iii) the location of the murder (station 3).
- If they are unable to complete the challenge, the station master will tell them the wrong clue to either (i) the weapon used to kill (station 1), (ii) who the murderer was (station 2), (iii) the location of the murder (station 3).

- To set up, assign one station master to each station. Alternatively, there can be no permanent station masters, but FCBC members following each group will be the station master for that station. Station masters are to read out the story in each station and facilitate the challenge. At the end of the station, they are to reveal to the group either the correct answer or the wrong answer, depending on whether they managed to complete the challenge.

*Note:*

The suspects, weapons and locations are merely suggestions. Cells are free to change them. Also, the following games provided can be changed, based on your own discretion. Refer to *Add Ons* for more ideas on games.

Also, you can do up the logistics for the games- for e.g. Make the name tags in the theme of cluedo, CSI/ Design the case file (big brown envelope) or design your own suspect/weapon/location card for the crime.

At the end when you reveal the crime details you can make it more interesting by coming up with an interesting narrative of the crime.

## MURDER MYSTERY STATION GAMES

### *STATION 1 (weapon cards)*

*Story:* Your assistant, being a new intern, forgot to keep the body in the morgue the previous day. When you returned to work the next day, you realized that the victim's body is decomposing fast. However, you need to hand in your report, which includes finding out what murder weapon was used. However, there is limited time available as the body is already decomposing fast. In this station, you will be racing against time and attempting to complete the challenge in one minute. If you complete your challenge within one minute, you will be able to find out the murder weapon successfully.

Each team has 3 attempts for this challenge. Each team is supposed to send 5 representatives. Each one is to complete one of the following challenges in succession:

- Read a tongue twister
- Catch 5 M&Ms with his mouth
- Bat a ping pong ball 10 times
- Complete a mathematical sum
- Tie her hair with 3 rubber bands

Note- if your groups are smaller in numbers (less than 5) you can get some to do two challenges or reduce the number of challenges)

Logistics required:

- M&Ms
- Ping pong bat and ball
- Tongue twister (provided)
- List of mathematical sum (provided)
- 3 rubber bands

### *STATION 2 (suspect cards)*

*Story:* You are informed by other detectives that the suspect likes to eat different kinds of food. In this station, you will be attempting to find out what they are.

In this challenge, everyone is to be blind folded. Different kinds of food that the suspect likes will be given to them to taste. They are to guess the food that they are given. To pass this station, only one incorrect guess is allowed.

Logistics required:

- Prepare 10 different food items (up to your own discretion^^)
- Spoons to feed
- Garbage bag/cloth for blindfold

### *STATION 3 (location cards)*

*Story:* You will be attempting to find out where the victim was killed in this station.

#### *Challenge 1*

In this challenge, each group is to brush their teeth with their fingers until foam is produced. Following that, they are to spit the foam out in a plastic cup. They are then to repeat this until the level of foam hits the mark on the cup.

#### *Challenge 2*

In this challenge, the group sits in a circle, with a water gun in the middle. One representative from the group will spin the gun. The objective of this challenge is to spin the gun such that the tip points to the station master. The group has 3 tries to do so. Note that whoever the tip of the gun points to will be given a squirt of the water gun!

#### *Challenge 3*

In this challenge, each group is supposed to pose for a picture. The picture must contain the following characters (committee to take down photos with camera/phone camera.):

- A character from Shrek
- A character from Madagascar
- A dinosaur
- A mummy
- A superstar

Logistics required:

- Toothpaste
- Plastic cups with level marked out
- Water gun
- Camera/phone camera.

## ADD ONS

### *Games*

- Flour pits

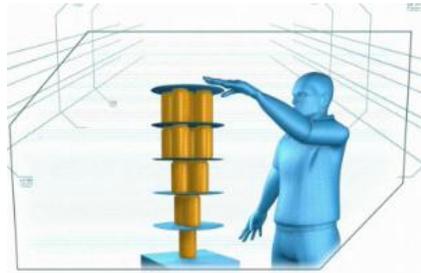

In this station, the group must find 5 different items hidden in the flour pit using their mouth only. At each time, only one member can be at the flour pit looking for the item. No blowing is allowed! They are to complete this within 90s! Each group has 2 attempts.

- Orange peel!

In this station, each group is to send out 3 representatives. One of them is to peel an orange using his mouth only while the other two support the orange, using one side of a wooden chopstick each. They are to complete this within 60s! Each group has 2 attempts.

- Peanuts and cans

In this station, group members are to pair up. One person will be blindfolded. The person who is not blindfolded will have to crack open a peanut and toss 2 peanuts, one at a time, for the person who is blindfolded to catch with his or her mouth. One pair will start first, followed by the next pair and so on... until everyone finishes. When they are done, proceed to build an inverted pyramid. Stack 5 levels of cans, starting with 1 at the bottom and 5 on the top, inserting a paper plate between each level.

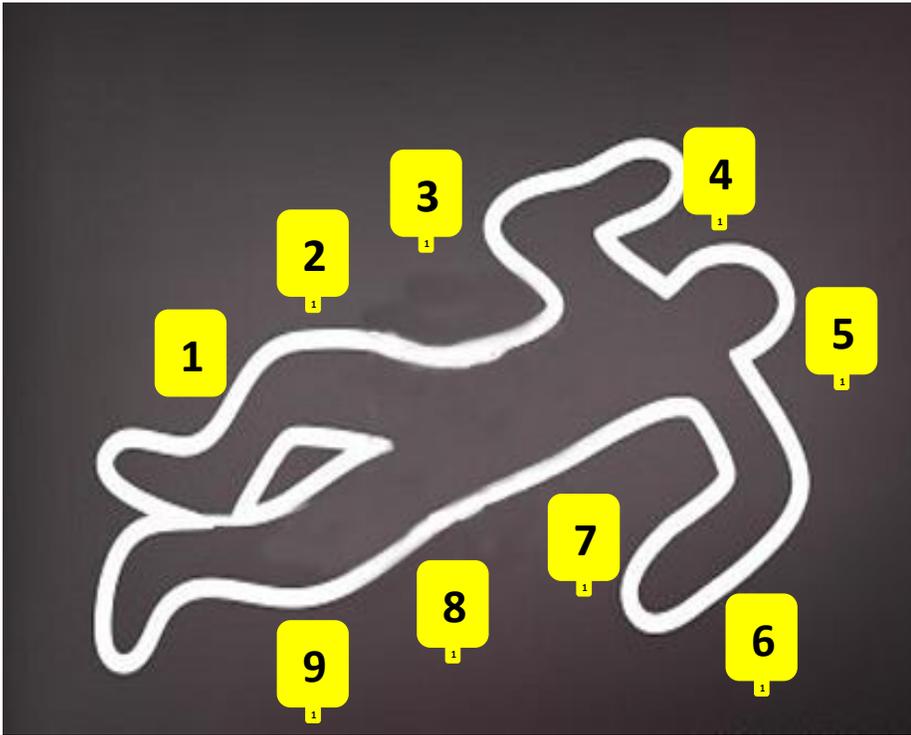

The total time given to complete the peanuts section is 10s multiplied by the number of pairs. The total time given to build the inverted pyramid is 60s. Each group has 2 attempts.

- Passing Ping Pong

The group is to stand in one line. They are to pass 5 ping pong balls from one end to another using spoons held in their mouths. To start this game, everyone is blindfolded except the first person in the group. He is to pass to the next person, who will then take out his blindfold upon receiving the ping pong ball and so on. Time given for this challenge is 2s multiplied by the number of people in the group. Each group has 2 attempts.

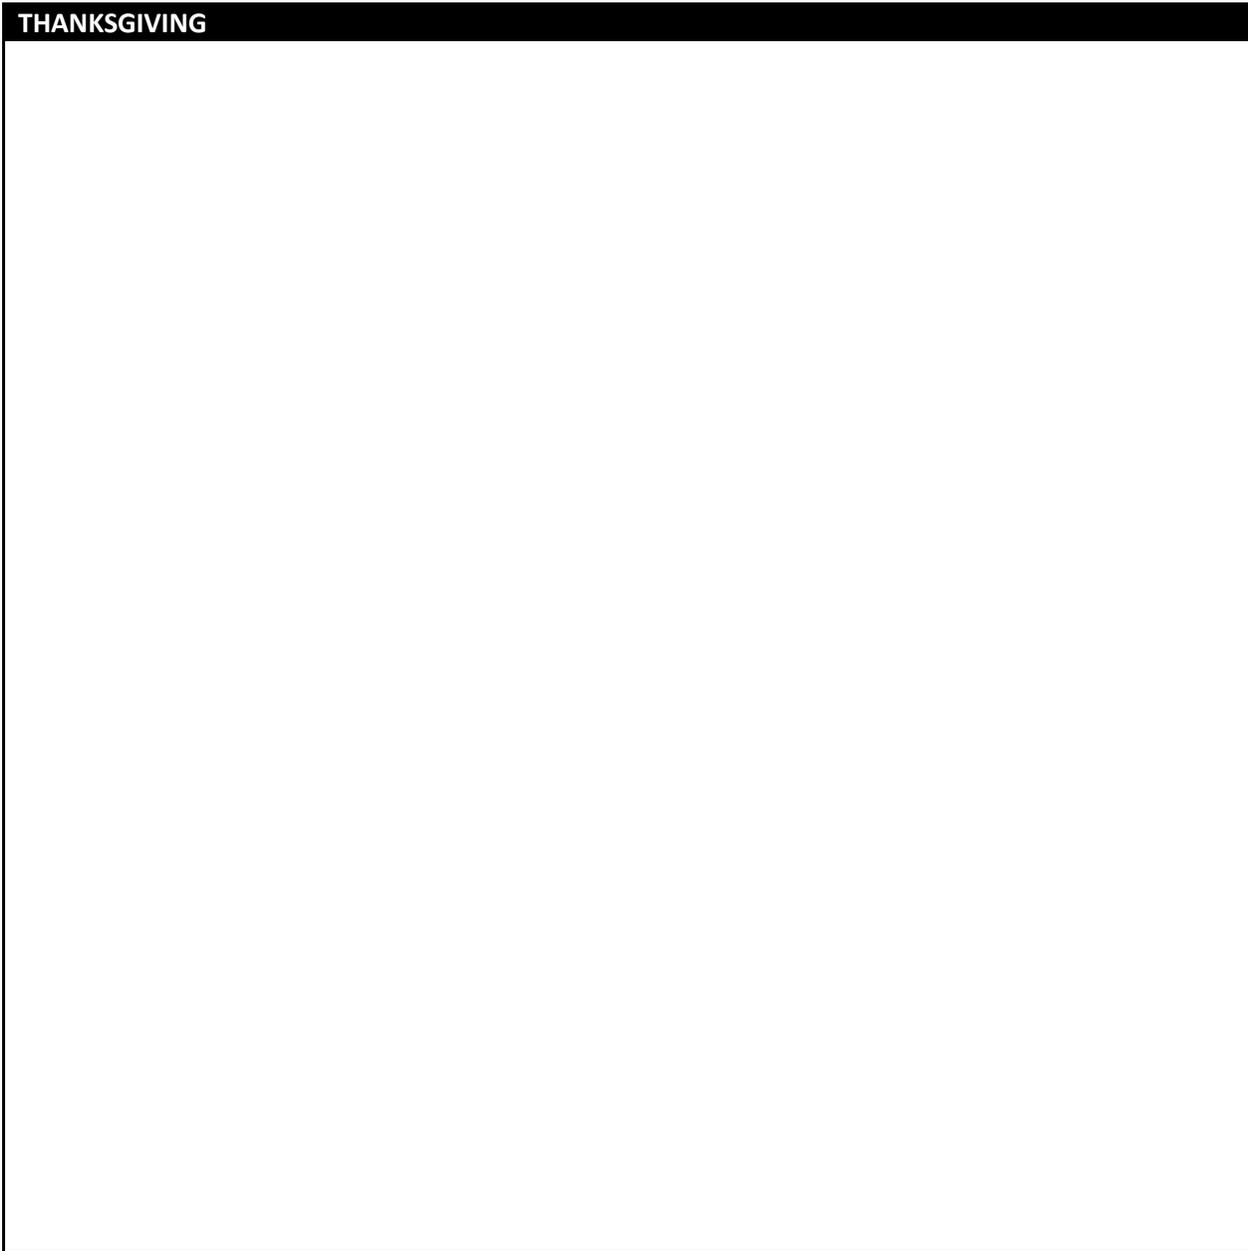

ITEM 5 (Deco Suggestions)

- Tape house with crime scene tape
- Have a cut out of a silhouette of a dead body. Put cards to mark out evidence around them. Evidence based on story set used could be real eg use a real banana skin.
